

HCT
BIOMEDIKAL
www.hctsurgery.com

HCT Surgery is a leading medical and health tourism agency in the Türkiye for both temporary work and able to offer work across a range of grades and specialties. We're a leading provider of locum doctors to hospitals and clinics at Türkiye, Albania, Macedonia, Kosovo, Romania, Bulgaria, Georgia.

Whether you're looking for locum work, locum doctor or a hospital in need of high-quality candidates and a long-term partner, our experienced team has the specialist knowledge to support you and will provide a personalized service tailored to your specific requirements, providing you with a BTB or BTG service throughout the recruitment process.

With hundreds of Surgery operations being made available every month around worked area, our specialists ensure our clients (clinics, hospitals, and health ministers) to complete treatments safely done. Our sophisticated job matching our doctor's database takes into account availability, location and job preferences, meaning you'll only be offered the Doctors you need, when you want them.

Our dedicated compliance team makes it easy to check and prepare your clinic (or hospital) for treatments with our supplier partners (if it is necessary). We'll invite you to a short interview to observe our hospitals in Istanbul for all conditions and necessary documents, and help you organize any training that you may need. Once you've signed up, you'll be alerted in good time if any of your annual training is about to expire, meaning you and your medical team have more time to focus on enjoying work.

To deliver an excellent service to our doctors and clients, whereby creating a community that encourages long term partnerships that enriches our services.

Values

- Expertise – With 25 years' experience working with doctors, our extensive market knowledge sets us apart.
- Integrity – A service you can depend on. Trustworthy, with a reliable, open, and honest approach.
- Leadership – A meticulous approach, empowering our doctors with guidance and support.
- Progressive – Always adapting to the needs of clients and candidates, offering flexibility generates lasting relationships.
- Accountable – Always accountable and consistent.
- Caring – Being part of HCT is to be part of a family. We support collaboration and partnership. Specialist teams with expert knowledge:

- 
- 
- Cardiovascular Surgery
 - Orthopedic Surgery
 - Plastic and Anesthetics surgery
 - Acute and General Medicine
 - Hair Transplant
 - Urology
 - Anesthesia and Rehabilitation
 - Intensive Care
 - Dentistry and Smile Design
 - General Medical Laboratory Services
 - Genetics Laboratory Service
 - Oncology services
 - Nuclear medicine Services
 - PET-CT or BT services
 - Hospital management services
 - Procurement services

For every hour you work, you'll earn ability to decrease your hospital management cost and you will manage your work time more effective. Your management level will provide you that point which can be exchanged for cash to go towards training costs once you reach a certain amount of hours.

If you are a healthcare provider, we also advice numbers of innovative solutions for your temporary or long-term staffing requirements. Working in partnership with our supplier recruitment network and HCT Workforce Management, we can create cost efficiencies, improve patient care, and streamline the recruitment process while still maintaining high service levels. Typically, our solutions are implemented within only 2-3 months.
